Transportation		558	
TOTAL costs			1,784

REMAINING for next project **410**

All school supplies were purchased in Vietnam and most were handed directly to individual students by Canadian members of the fund. Some were delivered by a local volunteer, who also helped us get cleared by the local authorities.

Transportation covers costs of picking up supplies in Ho Chi Minh City and delivering them to the students in Trà Vinh province.

Additional thanks to Đỗ Ý Ngọc who helped us distribute the supplies in Viet Nam and to the company Mai Hoa in HCMC who gave us a huge discount on notebooks.

Remaining funds will go to our next project in a province to be decided.
